

TECHNOLOGY INNOVATION PARTNER

Presidency English School, Parbhani

AI for Teachers | Student AI & Robotics | Smart Campus | Parent Trust | Management Dashboards

Premium impact deck prepared for Chairman / Director / Principal discussion

90-Day Pilot

Start small: teacher AI + parent communication + one smart safety use case.

Board-Level Outcomes

Measurable parent trust, teacher productivity, admissions differentiation.

Engineering Partner

Apps, cloud, IoT, BLE, RFID, ESP32, dashboards and support.

Executive Value Proposition

STRATEGY

The school already has digital foundations. BlueTrace should become the next layer: innovation, automation, safety and measurable outcomes.

Teacher Productivity

AI reduces repetitive worksheet, lesson plan and assessment preparation work.

Parent Trust

One trusted app for attendance, homework, circulars, transport and safety updates.

Student Future Skills

AI, robotics, IoT and coding programs create practical STEM outcomes.

Smart Campus

RFID/face attendance, smart energy, visitor control and operational dashboards.

Admissions Growth

Digital admissions funnel, follow-up automation and parent experience analytics.

Management Proof

Executive dashboard shows adoption, efficiency, response time and ROI signals.

Positioning: Technology Innovation Partner - not generic ERP vendor, not one-time training provider.

Presidency Digital School Platform

ARCHITECTURE

One digital backbone across academics, communication, transport, safety and management control.

Core workflows: attendance, homework, circulars, fees, transport alerts, AI worksheets, admissions and dashboards.

AI Teacher Productivity

From prep overload to measurable classroom impact

PREMIUM VISUAL

BlueTrace
TECHNOLOGIES
— EMPOWERING INNOVATION, CONNECTING TOMORROW —

AI TEACHER PRODUCTIVITY

FROM PREP OVERLOAD TO MEASURABLE IMPACT

AI-POWERED
SMART EDUCATION

1 TEACHER OVERLOAD (PROBLEM)

Teacher preparation load is high and repetitive.

2 AI ASSISTANT DRAFTING (INTERVENTION)

AI drafts quality content in minutes, not hours.

3 TEACHER REVIEW & CONTROL (TRUST)

Teacher stays in control with fast review and approval.

4 CLASSROOM DELIVERY (OPERATIONAL IMPACT)

Students receive level-appropriate tasks with better engagement.

5 PARENT & STUDENT OUTCOME VISIBILITY (CONTINUITY)

Families get clear progress visibility without confusion.

6 PRINCIPAL KPI DASHBOARD (BOARD-LEVEL PROOF)

Management sees measurable productivity and learning gains.

BlueTrace AI shifts teachers from repetitive prep to higher-value teaching with measurable outcomes.

EMPOWERING INNOVATION.
CONNECTING TOMORROW.

Smart Wearable Student Safety

From parent uncertainty to trusted event-based safety updates

PREMIUM VISUAL

SMART WEARABLE STUDENT SAFETY

Visible Safety. Unified Communication. Measurable Trust.

PRESIDENCY ENGLISH SCHOOL, PARBHANI

NURTURING EXCELLENCE. BUILDING FUTURES.

1

MORNING UNCERTAINTY (PROBLEM)

Parent is unsure if the student boarded safely.

2

BOARDING CHECKPOINT CONFIRMATION (INTERVENTION)

Wearable checkpoint confirms safe boarding instantly.

3

UNIFIED SCHOOL-DAY UPDATES (CONTINUITY)

Homework and notices reach families in one trusted app.

4

ROUTE DELAY EXCEPTION HANDLING (REAL-TIME RESPONSE)

Delay alert with acknowledgement closes communication gaps fast.

5

SAFE PICKUP CLOSURE (OUTCOME LOOP)

Pickup confirmation completes the daily safety loop.

6

PRINCIPAL DASHBOARD OUTCOME VIEW (BOARD-LEVEL VALUE)

Management sees measurable trust and safety outcomes.

From uncertainty to measurable trust:

BlueTrace makes student safety and communication visible, accountable, and decision-ready.

Safe

Timely

Smart Campus Ecosystem

Attendance, classrooms, energy, visitor control and one dashboard

PREMIUM VISUAL

1 MANUAL CAMPUS OPERATIONS – PAIN POINTS

- Manual Attendance Tracking
- Paper-based Notices & Communication
- High Energy Consumption
- Limited Visibility & Delayed Decisions

Time-consuming. Error-prone. Resource-intensive.
It's time to transform.

2 SMART ATTENDANCE WITH RFID / FACE RECOGNITION

Faster Check-in | Accurate Records | Instant Parent Alerts
Safety. Transparency. Trust.

3 SMART CLASSROOMS, ENGAGED LEARNERS

- Interactive Digital Lessons
- AI-powered Assessments
- Real-time Feedback
- Better Learning Outcomes

Technology that inspires curiosity and improves outcomes.

4 SMART ENERGY & LIGHTING MANAGEMENT

Monitor | Optimize | Save Energy | Reduce Costs

Sustainable today. Better tomorrow.

5 SECURE CAMPUS WITH SMART VISITOR MANAGEMENT

- QR-Based Visitor Pass
- Role-Based Access
- Real-time Notifications
- Safe & Accountable

Right person. Right place. Right time.
A safer campus for every student.

6 PRINCIPAL / DIRECTOR DASHBOARD – AT A GLANCE

Data-driven Decisions | Operational Efficiency | Better Outcomes

One dashboard. Complete control.

AI & Robotics Innovation Lab

Hands-on AI, coding, electronics and project-based innovation

PREMIUM VISUAL

LEARN • BUILD • INNOVATE • IMPACT

1 THEORY-ONLY LEARNING GAP

❌ Low engagement, limited practical exposure, students struggle to connect concepts to real-world.

2 INNOVATION LAB KICKOFF

✅ Hands-on introduction to electronics, sensors, microcontrollers, and real-world problem solving.

3 BUILD & TEST PROTOTYPES

✅ Students build, assemble and test prototypes using safe tools and industry-standard components.

4 AI-ASSISTED CODING & TROUBLESHOOTING

✅ AI tools help students with better code, debug faster, and build confidence while mentors guide their thinking.

5 STUDENT DEMO DAY

✅ Students showcase real solutions. Parents and teachers witness creativity, confidence and collaboration.

6 PRINCIPAL DASHBOARD

✅ Real-time visibility into participation, project completion, showcases and mentor feedback for better outcomes.

School Management Platform

Parent, teacher, student, admin and leadership apps connected together

PREMIUM VISUAL

1 FRAGMENTED COMMUNICATION
Paper circulars, WhatsApp messages and phone calls lead to delays, confusion and missed updates.

2 TEACHER APP – PUBLISH FROM ONE PLACE
Teachers can publish homework, mark attendance and send circulars/notices from one simple tablet.

3 PARENT APP – ALL UPDATES IN ONE TIMELINE
Parents get real-time updates on attendance, homework, fees, bus location and important notices.

4 STUDENT APP – LEARN. SUBMIT. GROW.
Students can view assignments, attempt quizzes, earn certificates and build their project portfolio.

5 ADMIN PANEL – MANAGE, AUTOMATE, ANALYZE
Manage students, fees, timetable, transport and generate insightful reports with ease.

6 PRINCIPAL / CHAIRMAN DASHBOARD – DECIDE WITH DATA
Track key KPIs like attendance, fee follow-up, parent acknowledgement, teacher activity and admissions pipeline.

Admission & Parent Experience

Smart Campus Modules for Presidency

SMART CAMPUS

Smart Attendance

RFID cards, face recognition or wearable checkpoint events with parent notifications.

Smart Classrooms

Digital lessons, quick quizzes, AI-assisted assessment and learning analytics.

Smart Transport

GPS visibility, route delays, boarding events and acknowledgement tracking.

Smart Energy

Classroom and lab power monitoring, cost optimization and green campus reporting.

Visitor Management

QR visitor pass, role-based access and gate-level entry records.

Principal Dashboard

Attendance, fee, parent communication, transport, admissions and issue trends.

This is a practical near-term campus upgrade - not a futuristic or unrealistic system.

90-Day Pilot Implementation Path

EXECUTION

Pilot scope suggestion: one grade + selected teachers + one transport route/zone + one month KPI baseline.

Safety and Privacy by Design

TRUST

Event-Based Monitoring

Track boarding, entry, pickup and exception events - avoid invasive continuous surveillance.

Consent Workflow

Parent/school consent, defined scope, clear student safety purpose and opt-in pilot design.

Role-Based Access

Parents see their child, teachers see assigned classes, management sees aggregate dashboards.

Data Retention Policy

Use policy-defined retention windows and compliance-aware data governance.

Alert Accountability

Every major alert can be acknowledged, assigned and closed with a measurable record.

Parent Trust

The system is designed to reduce anxiety, not create fear or surveillance pressure.

Investment Models and Packaging

COMMERCIAL

Starter Pilot

Free / Low-cost workshop + limited app workflow pilot
Best for first trust-building meeting

AI + Communication

Teacher AI + parent app updates + admin reporting
₹3 lakh - ₹6 lakh/year range

Innovation Lab

AI, Robotics, IoT kits, curriculum and showcase support
₹2 lakh - ₹5 lakh setup

Annual Partner

Smart campus + apps + AI + dashboards + support
₹3 lakh - ₹10 lakh/year

The first meeting should close on a 90-day pilot, not a full-campus purchase.

Outcome Metrics That Management Can See

ROI

34%

Teacher prep time saved

-52%

Worksheet turnaround

91%

Assignment completion

98%

Boarding confirmation

3m 40s

Avg alert acknowledgement

86%

Admission completion rate

These KPIs are pilot targets / sample management indicators. Actual values should be measured during deployment.

Why Bluetrace vs Generic Vendors

DIFFERENTIATION

Generic Training Vendor

Slides, basic coding classes, limited hardware ability, weak integration and low long-term accountability.

Bluetrace Engineering Partner

AI + mobile apps + embedded systems + IoT + dashboards + pilot governance + support.

Hardware Depth

ESP32, STM32, nRF52, BLE, RFID, sensors, PCB and IoT gateways.

Software Depth

Android apps, dashboards, APIs, cloud workflows and AI integration.

Outcome Depth

KPI-driven pilot, adoption tracking, management reviews and annual roadmap.

Bluetrace can connect classroom training to real deployable systems.

Recommended Meeting Flow

MEETING

**3 min**

Why now: AI, parent trust, admissions differentiation

**7 min**

Visual storyboard walkthrough: teacher, safety, campus, management

**5 min**

90-day pilot scope and KPI measurement

**3 min**

Commercial options and next-step agreement

Close with: "Let us run one controlled pilot, measure the outcomes, and then decide the annual partnership."

Client Handoff Package

DELIVERABLES

Management Deck

Boardroom presentation with storyboards and pilot model.

Executive Proposal PDF

Leave-behind document for principal/director review.

Pilot Scope Sheet

What will be tested, who participates, what data is measured.

Privacy Note

Consent, role-based access and event-based safety wording.

Curriculum Outline

AI teacher training + student AI/robotics modules.

Commercial Options

Starter, AI platform, innovation lab and annual partner models.

Next Step: Start with a Controlled Pilot

[CLOSE](#)

Blue Trace AI shifts the school from scattered communication, manual effort and isolated training to a connected smart-school operating model.

Proposed action: Free teacher AI workshop + management discovery session + 90-day pilot signoff.

Pilot First

Low risk, measurable, board-friendly.

Measure Value

Teacher time, parent trust, adoption and response KPIs.

Scale Annually

Convert proven modules into a long-term partnership.

Visual Storyboard Index

APPENDIX

AI Teacher Productivity

Approved master visual - keep in active client deck

Smart Wearable Student Safety

Approved master visual - optional pilot narrative

Smart Campus Ecosystem

New concept visual - use for campus transformation

AI & Robotics Innovation Lab

New concept visual - use for student innovation program

School Management Platform

New concept visual - use for app/platform layer

Admission & Parent Experience

New concept visual - use for admissions growth conversation

Version Control and Print Notes

APPENDIX

Document ID: BT-PRESIDENCY-PREMIUM | Version: v2.0 | Revision: R0 | Date: 2026-07-01

Before final client printing, confirm all small UI text and contact details on generated images. For live meeting, use this deck as visual storytelling support and keep technical/legal details in the proposal PDF.

Recommended print set:

- 1 copy for Principal
- 1 copy for Director / Chairman
- 1 leave-behind PDF on WhatsApp/email
- 1 short demo video or live app mockup in the meeting

Prepared by Bluetrace Technologies Pvt. Ltd. - Parbhani, Maharashtra
